For Children with Special Needs

Here at Jhoon Rhee Arlington, we have developed an Adaptive Tae Kwon Do Program designed specifically for children with special needs. This program “adapts” the standard Tae Kwon Do techniques and teaching strategies to best suit the specific needs of each student. The class is structured for children who have Autism Spectrum Disorders or other Developmental or Intellectual Disabilities.

Students will receive individualized instruction while learning to excel in a group setting. These weekly half-hour classes will give students an excellent opportunity to improve their motor skills, coordination, focus, and self-control through martial arts drills and games. For a more extensive look at the program, visit the Adaptive Tae Kwon Do website at www.adaptivetkd.com.
